Dear Henrietta,

Jesse Munson was your great-great-Grandfather, Grandmother Merriman's father.

Deforest Holt Merriman was your great uncle.

Cyrus Munson Merriman was my father. This picture was taken in New York State about 1870.

Uncle DH was in business in Philadelphia when this was taken.

When I was not sure about the dates I leave a blank space and may be able to fill in later.

I wonder if this is [----], if so, you can certainly have it.

Mrs. Florence Merriman Young, St. Paul, Michigan, grandfather was Benoni, one of the early settlers of Michigan. Benoni went to Michigan a little before our people settled in Bradford (Bartles Hollow). He had a son George whom we visited in Michigan in 1874 but Benoni had died before that time. These Michigan connections I have lost all track of and heard nothing of them for over forty years.

Nathaniel Merriman had a daughter Mary, who married a Curtis and so George Munson Curtis came into the picture and covered England for information and was perhaps the hardest worker on the genealogy.

The package came this A. M. and all contents except the one picture held out for you will to Dot be forwarded. More later.

Affectionately,

W.E.C.Merriman
